OF MEMBERSHIP 2023

RECOVINYL CERTIFIES THAT:

Triple Q SL

Is a member of the RecovinyI® network under VinylPlus®, the European PVC industry's commitment to sustainable development, working to improve the sustainability performance of PVC.

Issued in Brussels on 10th of July 2023

Ingrid Verschueren
GENERAL MANAGER

The RecovinyI® organisation was created in 2003 by the European PVC value chain through the VinylPlus® framework, to help develop and promote PVC recycling in Europe.

Today, RecovinyI continues to monitor and verify the recycling of PVC waste and the uptake of PVC recycling. RecovinyI is used to record the amount of PVC recycled in Europe and is the largest contributor to the VinylPlus® recycling targets, while RecovinyI brings together recyclers and converters to ensure a circular movement of PVC material. RecovinyI guarantees the credibility of recycling achievements through the strict application of an audit protocol that all its members have to pass in order to obtain the certificate accrediting them as such
